# THE TRIBUTE TO PAVAROTTI

ONE AMAZING WEEKEND IN PETRA

The Tribute to Luciano Pavarotti, is an incredible weekend that took place in the world heritage site of Petra, Jordan. The combination of inimitable and mesmerising settings, with performances from some of the worlds most respected and revered musicians made it one of the memorable musical events of the decade. This distinctive tribute captures unique performances; back stage interviews and includes exclusive footage from the Memorial Service.

The event was the brainchild of Nicoletta Mantovani Pavarotti and HRH Princess Haya of Jordan. Proceeds will support the UNHCS World Food Programme, a charity Pavarotti worked tirelessly for as a UN Messenger of Peace. The exclusive audience of 500 is enthralled by the extraordinary line up of artists that performed with Pavarotti throughout his career.

Plácido Domingo and José Carreras, who famously performed with Pavarotti as the Three Tenors for more than 17 years, sing together for the first time since his passing.

Sting performs two original songs, plus 'La Ci Darem' from Don Giovanni in Italian with Angela Gheorghiu, the first time this versatile musical pair perform a duet together.

Andrea Bocelli's voice resonates around the natural amphitheatre with his spine tingling rendition of 'E Lucevan Le Stelle' from Tosca and Angela Gheorghiu, Andrea Bocelli, Cynthia Lawrence and Sherrill Milnes sing in quartet a powerful interpretation of Puccini's 'La Boheme'.

Jovanotti and Laura Pausini delight with their heart felt and mesmerising performance of 'Caruso', in addition all performances are backed by the sublime Prague Philharmonia Orchestra.

Pavarotti and Zuccherò once again re-create the passionate and heartfelt magic of 'Miserere', transcendent with the use of the original video footage.
